Workshop Description:

HIGH FIVE® Principles of Healthy Child Development (PHCD) is a one-day training that will help front-line leaders (anyone working with children aged 6 to 12 - i.e. camp counselor, coach, swim instructor) improve the quality of your programs. It provides in depth training in the HIGH FIVE® principles of healthy child development so front-line leaders understand what they need to do to ensure each child's social, emotional and cognitive needs are met. Leaders learn activities and gain knowledge, tips and resources to enhance their programs as well as their relationships with children and other staff members.

SPRA Play Leadership Note: HIGH FIVE Principles of Healthy Childhood Development (PHCD) Workshop is a pre-requisite for this workshop. This one day workshop will go over the basics of program planning. You will brainstorm with other program leaders games and crafts for your program. You will leave with a variety of resources such as attendance sheets, waiver forms, program plan template, etc.
