Purpose: We're turning the spotlight on YOU—our amazing communities!

As part of Parkland Valley's strategic planning journey, our Board is diving deep into what we stand for: our vision, mission, and the impact we create. We are turning to the people who know our communities best—local municipalities, First Nation communities and community organizations.

We're asking for your input to help our Board of Directors set a clear and meaningful direction for the future. Your insights will help shape programs, priorities, and partnerships that reflect the needs and aspirations of the District.

It all begins with you—let's build a vibrant, connected Parkland Valley District together.
